Foreword

With the centenary of Strathalian School in 2010 and indeed its move to Forgonderny o little over 100 years ago, the timing of this history – much more destalled than we have had before – seems right. Tradition is an important element in the fabric of a school like Strathalian, and history plans or bia acrois in that As you need

like Straholins, and hatory plays a big port in find. As you wred through the Coleyans of the book, you diligan a strong general of the School's bodies, with engaging detail on its arrights and development. But impossingly you will except the fat from its foundation Straholins has been progressive in its outbook, and the control of the straholins has been progressive in the collection and its certificians. As the collection and its certificians. The fact of the straholins have their fact for its first Head and it has one to this day With on oble and committed set affect and on engaging doverwing body for their set of the straholins. The set of the straholins is the set of the

still ambitious.
You will read about the changing fortunes of the School over the years, in the face of various challenges, some extreme, like the outbreak and consequences of two world wars, and some that are quite familiar today; there can be a tendency

more complicated modern-day environment – and much really is new – you will find reference here to many historical issues that remain fundamentally relevant.

I hope you will also gain on impression of Strathallan's ethos –
